Notice on Personal Data Processing

Introduction

Thank you for visiting our website, which has been developed and now runs in the frame of the Horizon 2020 Innovation Action. ODIN - Open-Digital-Industrial and Networking pilot lines using modular components for scalable production is an EU-funded Horizon 2020 project that aims to bring technology from the latest ground breaking research in the fields of a) collaborating robots and human robot collaborative workplaces b) autonomous robotics and AI based task planning c) mobile robots and reconfigurable tooling, d) Digital Twins and Virtual Commissioning and e) Service Oriented Robotics Integration and Communication Architectures.

ODIN is being implemented by a multidisciplinary consortium led by the Laboratory for Manufacturing Systems & Automation (LMS). INTRA is responsible for the hosting and management of the website of ODIN. More information about the consortium of ODIN can be found here www.ODIN-H2020.eu. In this context, your privacy is important for us and we are committed to protect it in accordance with the European Regulation 2016/679 on the protection of individuals with regards to the processing of their personal data and on the free movement of such data (General Data Protection Regulation, hereafter referred to as the "Regulation") as in force. To this end, we provide this Privacy Policy that applies to the ODIN website (the "Website") and governs personal information collection and usage by the Website only.

We reserve the right to update or change our Privacy Policy at any time. With that in mind, you should periodically check this Privacy Policy.

Type of personal information that we process
